

OwnerRez

Powerful • Flexible • Vacation Rental Software

This is our dashboard with ribbon, calendar and list views.
It's clean, simple and built for speed and function. That's how we do things.

Direct **channel management** with all the major channels. Built entirely in-house.

Fast, mobile-responsive **websites** with rates, availability, photos, search, payments & reviews.

```
if: booking
{
  channel = MySite
  status = Overdue
}
send: ("Reminder!")
```

Automated messaging via **triggers and templates**, completely customizable to your brand.

Third party **integrations** for pricing, payments, door locks, QB, calls, insurance, analytics & more.
